Description: Entrepreneurship and start-up cell, Guru Nanak College, Budhlada has been organized Guest Lecture on 'Skill Development' by resource person Dr. Bharti Marwari, Assistant Prof. in Mata Sundri University Girls College Mansa on 24 Feb, 2023. Guest lecture on Skill Development, guided by professionals helped the students to learn ability to nurture their skills. This lecture told them the importance of project and cost management required to develop their skills. This interaction proved to be very profitable to the students in the sense of knowledge as it helped them to know more important aspects in this world full of skills.

Impact:

Guest Lecture is a concept that helps the students in gaining additional knowledge. Universities and colleges make sure to arrange a guest lecture for students in order to enhance their knowledge. Many students love the concept of guest lectures as it is an interesting way of learning and interacting with new people at the same time. Such events and lectures help in enhancing the communication skills and many other skills of the students. The colleges invite guest lecturers within the college premises to deliver lectures to the students. These teachers, professors, or lecturers are not the permanent faculty in the organization. Such lectures are arranged once or twice a week only, in order to balance the college timings for the students.

Impact:

Future undergraduate Computer Science and Software Engineering curricula need to be revitalized. This revitalization is based on promoting and practicing computational thinking. Computational thinking could seed entrepreneurship if we provide our computer science and software engineering students with entrepreneurial skills and discover potential entrepreneurs among them. Entrepreneurship develops new computing markets, introduces new software and hardware technologies, and creates employment. Therefore, it is demanding to enhance our computer science and software engineering programs with entrepreneurship.
