Waste Management Committee

A Practice: -Productive use of waste material

By implementing these waste management practices, communities, businesses, and individuals can contribute to a cleaner and more sustainable environment. It requires a collaborative effort and a commitment to responsible waste handling at every level of society.

During the academic session 2022-23, Waste Management committee built so many productive use materials by involving students. The following are the glimpses of product like traditional Doli and clock and chair that are made by waste material for beautification and campus cleanliness.

A Practice: -Re-use of waste material for Campus Beautification

Workshop on Waste Management

(Recycle of Paper, Metal, Wood, Glass and Plastics)

Dated on 24 Feb 2023

Convenor
Dr Shenti Kumar

Name of the Activity: One Day Workshop on Waste Management

Name of Key Speaker: Dr Shenti Kumar

Participants: - inhabitant of various villages

Date: 24th Feb 2023

Description:

The Main aim of workshop to raise awareness about the issues surrounding paper, metal, plastics waste and to provide practical guidance on how to manage and recycle waste properly. The workshop typically involves a combination of discussions, and hands-on activities, all focused on the environmental and health hazards associated waste and how to recycle the waste materials of different products.

Glimpse of the workshop was shown below:-

Workshops provided participants with valuable information about the importance of waste management, the types of waste, and proper disposal methods. This increased knowledge contributes to raising awareness about the environmental impact of improper waste disposal. Inhabitants of various villages raised queries and actively participated in this workshop. This also motivates us to organise this type of activities.

Waste Management Committee

Session 2022-23

Re use of Paper (Envelope)

GURU NANAK COLLEGE BUDHLADA

Under the Management of Shiromani Gurdwara Parbandhak Committee, Sri Amritsar Sahib

NAAC ACCREDITED "A++" GRADE

A Practise: - During 2023 MST, re-use of Envelopes by written slips instead of writing on envelope.

Person involved: - Sr Hardeep Singh, Sr Jashpreet

Impact of this practice: -Reusing envelopes by affixing written slips instead of writing directly on the envelope can be a sustainable and practical approach. This practice helps reduce waste and promotes environmentally friendly habits. By attaching slips with important information or addresses, you maintain the functionality of the envelope while allowing for repeated use. Additionally, this method offers a cleaner and more professional appearance, especially if the envelope is being used for formal or business purposes. It aligns with eco-conscious efforts, demonstrating a commitment to resourcefulness and waste reduction.
